Do you have any suggestions for next year's event?	Comment	This event is always too loud for my kid. The loudness is why we likely won't be back. We've tried it a few times now and otherwise would enjoy it. It also is way better when there is a craft and not just coloring.
What future programs would you like to see offered?	Comment	Quieter kids night out options
Is there anything else you would like us to know?	Comment	We love the kids day out options, just wish there was an evening option that wasn't so loud.

Is there anything else you would like us to know?

Comment We always like all the childcare Denton has to offer, and I even recommend to other people. We think kids rock is great along with the holiday and summer camps!...However we have had major problems with Mrs. Sarah's kid (Austin). He continuously physically assaults my child and now my nephew, the counselors always turn their head to it since his mom works there and is probably their boss. When my kids try to defend themselves then the counselor will step in and stop it or get my kid in trouble for it?! My son was punched in the stomach and the back of the head, my nephew was punched in the face at kid rock and nobody did anything about it. My nephew said he tried telling the counselor it was either ignored or they shrugged it off. This is 4th or 5th time my son has been physically assaulted by Austin over the past year or so at summer camp, after school, and now kids rock. I thought y'all had an anti bullying policy??? I will be contacting someone Monday about this!

Do you have any suggestions for next year's event?	Comment	Music was a little loud We enjoyed the dance competition being split between kids and adults last year. It was great environment for my toddler to be there. Maybe next time could there be a toddler only time? The photo book pictures were extra; would appreciate more signage so i dont wait in line to then find out it's extra

Do you have any suggestions for next year's event?	Comment	<p>Make the non-resident fee per family instead of per person. \$10 extra per person for a family of 6 adds up quickly. The actual event though was great! LOVED the early/late offering, our toddler would have never made it to the later one None Loved the flip book! It was SO cute. Please keep that! Nope! Make music an appropriate volume for children Make music a better volume (it was too loud) Music not as loud Love this event. No suggestion. Liked the time options this year. I definitely understand paying more for non residents, but it was \$40 more for our family to go. It wasn't crowded so it's as if we took the spot of Denton City Residences. We live in Corinth and they do not have a family dance. Maybe a flat fee next time, or something cheaper? Maybe a gift bag of candy for the kids. My kids liked it from the year before No it was a great time and the whole</p>

family enjoyed. Was set up well beyond expectations. Thank you!
 Maybe separate dance contest by age group,. Also thought it would be cool to have a parent dance contest.
 Add a fun activity for kids
 Different DJ for sure. Very boring this year.
 PLEASE turn down the volume on the music!

Do you have any suggestions for next year's event?	Comment	Yes, I was rather disappointed, the trunk or treat didn't have a lot of cars, the line was incredibly slow. I don't recall seeing any pumpkins, I nice display with pumpkins and hay for taking pictures. More activities for the kids, every game is just throwing a ball for a piece of candy. More food options and just more fun in general. Open up the gym for dancing. I've attended in the past twice when it was indoors. Also, we missed the scary story tellers. Seemed like Denton could do better for the community, is it a budget issue?

Do you have any suggestions for next year's event?	Comment	<p>I liked the free books for the kids in the past the photo line with grinch was very long, but I understand there were so many families. Line management could be better, Maybe other Whoville characters could walk around to engage with families and kids. I also think the kids would love to see Grinch in the main event area and have him interact more with everyone for the event. You'll get more candid photos with the community that way too! My child was expecting to see grinch right when we got in rather than waiting in a very long line for a 2 second picture. Some background music during the event would add to the feel too.</p> <p>Maybe change how the picture is taken. Obviously it took longer trying to coax scared kids. But have time sessions? Play christmas music, more christmas lights/decor, photo station in the room for phone photos, need a cute (not scary) grinch costume, carnival games were odd, too many volunteers standing around, sit-down breakfast with more tables and less activities, shorten the time to 1 hour.</p> <p>Don't force people to get their picture before their pancakes and sausage, or whatever it may be your serving. As our sausage was very cold, which really posed a potential risk for bacteria growth. I think the grinch should wander around for pictures. The line was very long and we never took our photo.</p> <p>The event was 2 hours. We waited in line for the Grinch photo for around 1 hr and 20 minutes at the beginning. I think they should let everyone sit & get food and then call guests table by table to get their Grinch photos so there is more structure and time for other items. (Or pull a number and be called to go get your photo so you can do other items in the mean time). Then play music & movies in the background while guests eat. A new Grinch mask would be good; I don't love the way this Grinch looks! By the time we got our food there wasn't any eggs left and the food was cold. I think hash browns, French toast or orange juice should be added to the menu to make it more filling. We received one small pancake, sausage and a tiny fruit cup with a drink per person. Also, the printer jammed up so we never received our hard back photos with the Grinch. There is room for improvement but the event</p>

was enjoyable nonetheless. I liked the crafts!
Music

Comment

the volunteers and the staff at the event were awesome!
There was a comment about tons of food being left over so maybe 2 pancakes instead of 1 would have been helpful. Timing the bounce house was the best in the situation. But kids didn't pay much on the other inflatable games. So having multiple bounce houses would probably work better. Having one portal where everyone has access to every picture might be made known at sign up. Not the biggest issue, but for some people it may be. And lastly. Check in might have a better process? Lots of impatient toddlers and parents with infants in carriers waiting on stairs for check in slightly changed the tone from the beginning. I like to remain optimistic in those situations so it something we just tried to help for our littles.
Cherylon was so sweet and helpful!
We didn't get our Grinch pictures printed out We were told we would get a digital email. I don't know how this is possible if they don't know, was in the picture and what email they're linked to very disappointed. As the Event promised a copy of the picture.
Loved the new layout. The crafts were great. If you could fit one more bounce house for the older kids I think it would be great.

Do you have any suggestions for next year's event?	Comment	maybe Scotland or Germany The sound system was lacking. Volume was up, but sound was garbled. My neighbor remarked the same, so it wasn't just my lack of hearing. No not sure How about theme dressed wait staff? They did a great job very organized and food was great To have several small tables for the cchips, salsa, queso y guacamole so that the line is not so long. The guacamole ????? was great. The dinner was cold. Over all I enjoyed the evening and the staff participation.

I was disappointed that the entertainment did not play music that the audience could dance to. The only dancing we did was the taught flamingo.

What future programs would you like to see offered?

Comment

Who Done It Murder Mystery Dinner
 Maybe something every month i just want to get out more
 More Events parties to celebrate days like St. Patrick's Day veterans Day Martin Luther King Independence Day
 Dances with a couple of dance hosts. A lot of the women are widows and we would like to dance.
 I really liked that the event was early (4-6pm). And I liked that it wasn't on the actual New Years Eve day. That way you can celebrate the new year more than once if you want.

Is there anything else you would like us to know?

Do you have any suggestions for next year's event?	Comment	Need more than just one genre of music the d j pplayed more genre variety for the music to dance to, more pop/rock A variety of music would have been more enjoyable. All but one piece was Motown.

There was a handful of white attendees. And many younger than 67. It would have been nice to hear a song or 2 that I'd heard before!

Do you have any suggestions for next year's event?	Comment	Stronger readers for the ghost stories and let the guests know ahead of time they can read off their own story. That was truly fun. Don't wait until next year I got there about 30 minutes early to get a good sparking spot. It was too dark. We waited Several minutes. No one looked like they were preparing for the event. It didn't look like anything was going to happen. I made sure I was at the right address. I made sure I had the date and time correct. But it didn't look like a place where anything was going to be taking place. So we left. What a disappointment! Bigger marshmallows

Comment	Our online receipt didn't tell us which bowling lane to go to; Also when I looked up the adapted rec class online, it didn't tell where it was going to be held. I was able to call North Lakes and someone was able to find out for us. We would have been there earlier if we'd been able to see where it was :) Everyone coordinating the event was very supportive!

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Trying to register in January was a pain, and then the first class in February seemed to cater to younger 2 yr olds rather than the 3 yr olds. They didn't really learn much during the month, and I was hoping for more structure. The teacher was so amazing and sweet! I think maybe less kids and maybe more private of a room? Was a little chaotic when the the older group would come in and wait for their class. I would maybe send an email encouraging parents to keep siblings at home or encourage them to stay in laps. It seemed like a few siblings wanted to join in, stepping in front of students.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	If the program is offered to 2 year olds it needs to be more engaging. It did not stimulate my child's interests. The instructors didn't speak to my child much to catch her attention so she wasn't interested in what they were doing.

What future programs would you like to see offered?	Comment	Overnight or multi-day trips in Texas-- such as the seasonal rose festival in Tyler, Oktoberfest in Fredericksburg or New Braunfels, the Texas State Railroad (Rusk-Palestine), etc. Don't know if this is possible or would be of interest to others. Places out of Denton, seniors don't drive out of town and it gives us a chance to get out. Musicals, plays, good restaurants.

Very friendly and helpful and always ready to answer any questions. I enjoy my membership and any activities or travels I have done and look forward to 2024. Was great! Kudos to Susi & to our bus driver! Need larger bus so more people can go. The play was very good, but the venue and the organization of seating was poor and disorganized..

Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>New people need time to practice and get familiar with the game.</p> <p>I hope you continue to offer the chair volleyball at the senior center. It was very enjoyable and provides a physical activity that a lot of seniors can participate in and also have friendly competition with the tournaments</p> <p>Play more its lots of fun</p> <p>More structure longer times only had 4 game days and one of those was tournament. Each team only played 4 scheduled games that is \$5 for a game for non residents.</p>

Any areas we need to improve? Is there anything else you would like us to know?	Comment	My daughter loves this class and the personalized attention the coaches pay to her. It would be more convenient for us, if it were earlier in the day, but that is more of a preference than something to improve. Your classes are full of kids that are new to Tennis. You need to be using like 03 courts. Kids are not having enough hit time.
What future programs would you like to see offered?	Comment	Finds a way to split the kids class. Just too many kids on the dame courts.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	I don't like the new location. It's closed during our homeschool class so there's no access to bathrooms. Communication should be better. Every time it rained, we never heard about whether class would continue until 30 mins before start time. Also registration for the new session didn't open until the night before it started. I still don't know when the makeup days are. I'd love it if expectations were clearer and if there were set goals for each term.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	At times the area where the swimming lessons are held gets invaded by daily swimmers, I've seen private swimming lessons sign displayed, but unfortunately other swimmers ignore them. Riley is a very patient and caring instructor, my grand son has severe ADHD and Riley has managed to keep him focused and engaged. Miss Maria Campbell is very quick to respond to emails and has done great job with scheduling and managing the program. Thank you!

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Not really suitable for beginners-it's more of a workshop for intermediate painters. I

quit after class 3 because I couldn't do any of the projects. Supply list provided before class needs an update to cover ALL items needed w/brush sizes. There was a separate list with different items provided on day 1, and I was still going to the store after each class. Purchasing new supplies + class fee + rec fee was around \$200. Overhead camera was too far away from the table and kept going to sleep.

Need an overhead demonstration mirror for the instructor so students can see what is being demonstrated (drawing, painting, etc.) OR a camera system that could project the instructor's demonstration onto a screen visible to students.

What future programs would you like to see offered?	Comment	I think a true beginner's class would be helpful, using basic supplies to practice basic techniques, and maybe offer it as a shorter session/lower cost a couple of times a year. Then offer intermediate classes and cover a different, specific technique in each throughout the year. Some of the topics she touched on could be their own 4 or 6 week session, such as painting faces & skin tones, or going on location to sketch a scene then paint it. Art classes earlier in the day, not just evenings.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	It's fine. Often feedback is provided while the learners are preparing the next shot, for some people this can be cause them to lose focus or become frustrated. After the shot is completed the feedback may be more useful. Additionally, there's not a lot of praise given when they do well. The well placed shot is satisfying feedback. But verbal praise about what they improved on at that moment is even better. For example "YES! great footwork!"

Any areas we need to improve? Is there anything else you would like us to know?	Comment	The drop-in classes on the off weeks are too expensive, I think. If I go to 3 drop-ins that's nearly 1/2 the price of a full month's session. I think if you lower the price but raise the minimum number of people you'd get a better response.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Please give feedback how we can improve our forehand and backhand times to time because even professional athletes receive this improvement feedback from their coaches. 06 athletes on a tennis court is not productive. There should be a maximum of 04 so we don't need rotation. 1hour already is not enough. So let's use a 3rd tennis court. Not enough instructor for 3rd court? Lets the player play a game and track their points.
What future programs would you like to see offered?	Comment	There should be class for elite athletes that can truly rally. Hit the ball and run left and right. Kind of 3.5 level and higher. Must be able to serve, has physical ability and willingness to learn.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	The Instructor constantly talks out load about her ex-husband, how horrible he is and how she is going to take his money... this happens in every class, tired of hearing about him/situation. Appropriate funding to properly cover costs for ongoing necessary supplies.

We depend on all of you so much. It is a shame you charge so much more for non Denton Residents.... I joined Flower Mound because Denton is getting so high I can't afford an extra \$600 a year... Great class and instructor need .bigger room More ceramics classes
What future programs would you like to see offered?	Comment	Could we have a Saturday Ceramics class? Patti is a wonderful teacher. I, along with others, would love to spend every Saturday morning in another Ceramics class with Patti. I'm there Tuesdays and Thursdays and would love to be there every Saturday. Thanks! Why suggest you never do anything different....

Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>Wonderful class.</p> <p>The ceramic instructor is racist...said why she wanted to move to Missouri was because it had more white people and said she didn't like Hispanic people because they used and abused the system, both the statements were said during class out loud for others to hear. Instructor also mentioned about smoking weed with boyfriend a lot, does facility do random urine tests on its workers for illegal drugs? Once she came to class high, she said it made her happy.</p> <p>Bigger room i love this look forward to Tuesday my best day of the week Need a new kiln</p>

Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>The Ceramic instructor , Patti, has been using illegal drugs. Is this what the Senior Center allows now? More labs</p> <p>Thank you for our new cabinets, they are great. Also could the Kilns be checked for power sharing. with the wood shop. I understand the Kilns need to be on their own circuit to function properly. We have too much trouble with our Kilns working sometimes and sometimes not firing where they are set. I know they are old but they should be checked to make sure</p>

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Patti was the best. Looking forward to Ceramics with the new teacher. Heard good things about him from Patti. Ready and raring to go. Need a new Ceramics Instructor! Patti is always talking very ugly about her ex-husband, stating that she can't wait to move where there is more white people, actually talks openly about her and boyfriend smoking illegal weed. She let her boyfriend come to class, he was cleaning the ceramic kiln shelves and broke 3 of the shelves. Very disappointed in how Patti conducts herself verbally. Bigger roo

Comment	I think that for the amount of kids that play and the price of the program, the program can afford new tennis balls. They have been flat for two plus weeks. Shouldn't have to wait until after a tournament to get more balls. Also the out of Denton rate went up again. Second increase in about 6 months.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	No If the doors are to be opened at 6:00 pm, the multi-purpose room should be made aware of this. Dancing partners start arriving prior to the program to find tables for themselves and friends. The entertainment was very good this Friday night, You can book that lad anytime in my opinion. I cant think of any....it was a well organized event.
What future programs would you like to see offered?	Comment	More country like the one we had. Music from the 50's and 60's. Pool Party Just keep the Dance Nights coming with the quality entertainment as presented on the 29th.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	This program was awesome! My students LOVED removing the privet. The work was rewards with a visual of how much of a difference they made. The students enjoyed working along side master naturalists. Several of my students asked if we could do more activities like this one. five stars, two thumbs up from me! Thank you for offering this opportunity to our community. I'll keep my eyes peeled for the next event!
What future programs would you like to see offered?	Comment	My students were interested in identifying animal tracks and scat.

Is there anything else you would like us to know?	Comment	No In regards to safety, I think ID's should be checked at pickup. It would have been easy for anyone to sign her out and take her. Also, I wish I could have read some reviews or knew of anyone who had tried this camp before. There was so little information available about the specific schedule, until about 12 hrs before drop off. And there was no information provided about transportation - how they would get to their destination and types of vehicles - nerve wracking for a mom who has never done a day camp, and a kid who had never even been on a bus.

How did you find out about the program?	Comment	My children absolutely Loved this camp/ program and want to return. They can't stop talking about Ripleys believe it or not, and how awesome it was. Couple suggestions, please be sure all vans are inspected and checked for AC. One of my kids said that one of the vans AC wasn't working and that it was hot. Last suggestion, I understand the camp may have to keep the kids grouped by age, but if there are siblings maybe try and keep them together if possible.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Maybe be more verbal To the kids and emphasize the things you need them to do. They're very young and easily get distracted. I would say be repetitive on instructions Practices before the games could have been a little better. The kids had to wait in lines a lot and at 4 that's pretty hard. Drills where more than one kid goes at a time would have been great. But we

enjoyed it overall!
 Half the time the teams were down players and played 2:2. Kids were not organized, little instruction. Not coached on sideline by a guest parent and that was confusing. Parents sitting down on the sidelines with kids running back and forth during the scrimmages was distracting for the other kids. It was just frustrating. The instructors were nice but just very little structure. Not something I would invest in again.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	The initial information sent in email told us to go to the wedding place for practice. It was frustrating to drive across town in the rain and then have to drive back and be late for the first practice. Please send accurate information in the first place. Also, Bahnsen gym has really bad spectator seating so you can't see half the court, which makes it hard to tell what's going on.

If no, how could we have better met your expectations?	Comment	The time allotted each week didn't seem to match the class size to instructor ratio. It didn't seem possible to meet all the expectations for learning elements for this level. Some of the elements listed to pass the course were never taught to the kids in the sessions. Because of the class size, it was not possible for kids to learn at the rate needed to in order to advance to the next level.
Do you have any additional feedback?	Comment	Because not all the needed skills to pass were shown to the kids, it seemed like we were expected to pay for a second course at the same level to get this instruction. It didn't seem like instructors were evaluating skill level until the very last class. A lifeguard that was never their teacher was just checking off items on a list. They provided us a report card with nothing checked off. I found it confusing that they "passed" children but requested them to repeat the class. I am not confident that repeating the same class in this format would teach the kids more.
Based on the programs we offer, what other programs would interest you and your family?	Comment	Possibly basic life-saving skills such as updated CPR training. I believe it has changed in the last few years.

Do you have any additional feedback?	Comment	Regarding the lessons, there were some things that seemed a little too advanced for my daughter, & some other children in the class. The instructor is very sweet, but she moved through each concept too quickly (i.e. she didn't allow each student to fully grasp a concept before moving onto the next one).

If no, how could we have better met your expectations?	Comment	It would be nice if the classes were a little longer. There is a lot a sitting around time waiting for their turn (which I understand) but maybe a longer class time would increase the number of skills they can learn and practice. It would also be nice to be able to sign up for notifications for when the next month's swim classes are loaded into the system.
Do you have any additional feedback?	Comment	Both instructors were engaging and gave every kid equal opportunities to practice their skills.

Ms Lysette(sorry if incorrect spelling) did a fantastic job with our daughter and the other little girl in this class. After only a so/so experience we had last spring, we were hesitant to return, but we are so glad we did! What a difference a different instructor and even class time can make. Both little girls were swimming unassisted with legs and arms by the end of the session. We did 2 sessions in a row with her, and hope we can see her again in January. Thank you!!

I went from not knowing how to swim to learning that my swim technique is breast stroke and I tread water in the 12ft! I can't express how glad I took this class. Thank you Justin and Steph!!! Justin and Steph were amazing and made the whole class fun. I was able to learn a lot and can now actually swim. I will keep recommending them in the future and hope their future classes enjoy them as much as I did

If no, how could we have better met your expectations?	Comment	Don't think you could. My daughter suddenly decided she didn't want her face in the water. I'm not sure what happened or why it changed so drastically from last class. She didn't want to the last class she took, but it wasn't so strong. We will try again in the spring.
