Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>Not an avid runner so I have no input.</p> <p>More vendors</p> <p>race clocks at water stations</p> <p>10 - 14 age group is way too much difference in ability (13-14) break that up as it is only a few medals - look at your times to see where you need to cut spreads</p> <p>separate the youth age categories more - look over historic registration and see what you have but 14yr old to 10 yr old is a bit much in body difference - youth and teen categories need special attention</p> <p>ensure that pointers/volunteers stationed at every turn on the course</p> <p>I had a wonderful time. It was very organized and lots of help!</p> <p>Communication of the route. Some people in the front somehow went off route and only did 2.5 miles instead of 3.1.</p> <p>Most races start with the National Anthem. Not only does it show respect for our Country, but it is the alert to the Runners to set their watches, music, etc. races usually start at the end of the Anthem. Many were caught off guard when there was just a quick count down and then the start. I think it was kind of a odd that the National Anthem wasn't played at the Liberty Run. On July 4th - Independence Day Weekend. Hopefully next year it will be added.</p> <p>N/A</p> <p>Offer a tank style shirt for the summer runs!</p> <p>Some of the fast runners said the trail was not marked well.</p> <p>Mile markers</p> <p>The workers pointing out the route should pay attention when the first runners come through so that they run the correct route. You should have a designated spot for people competing in the costume contest to check in so that it is a fair judgement.</p> <p>No national anthem especially on 4th of July ????? Also course was not well marked, really good runners lost their way. Chalk on the road goes a long way.</p> <p>Make sure I don't get any older!! LOL Seriously, it was great!</p> <p>PLEASE, could you update the design on the t-shirt? This is at least 3 years in a row (and this does not include covid year) that the same design has been used.</p> <p>offering door prizes?</p> <p>My daughter was one of the runners who was given wrong directions after circling the apartments, causing her to run off the official course and get lost in unfamiliar surroundings. This absolutely, positively cannot happen. She made it back to the Civic Center safely, so she was lucky. Some other child may have gotten completely lost.</p> <p>Medals for participating runners</p> <p>Better signage for the routes</p> <p>Better directions for 1-mile course</p> <p>It would be nice to have categories for 70 to 74 & then 75 & above at least - like the Turkey Trot.</p> <p>Clearly marked signs for the One-Mile route</p>
---	---------	---

I would add more vendors and maybe included some downtown Denton in the course, bc its got a very charming vibe.

My son paid \$30, ran the race in 16:52 (or thereabouts) came in 2nd overall, and there was no record of his time or name. It was as if he wasn't even there. Drew McLaughlin 1992 bib number. Now we get that this run isn't designed for High School Cross Country runners, but we were disappointed that he wasn't recognized for his hard work. Not for 2nd overall, and not for 1st in his age group??

My son ran and was sent the wrong direction at a water station and by a lady cop on the course. Because of that he had a great time but ran a shorter course.

No

Have live band/music at the finish line to make a fun family atmosphere

Maybe do the awards earlier so people don't miss the parade

What future programs would you like to see offered?	Comment	<p>From what I know...you've got it all covered!</p> <p>Specified 1mile walk senate from 5K starts right after 5k. Similar route just shorter with medal</p> <p>super star hot wheel race</p> <p>I loved all the runs the city once did.. I would love to see them return!</p> <p>I loved the race overall. I think the Staff and Volunteers were wonderful. The weather was perfect. It was a lot of FUN and there are so many pictures on the local Lake Cities social media pages! If they didn't know about it before, they know about this race now.</p> <p>Races and public events</p> <p>Family run discounts for families</p> <p>Race in October & turkey trot in November.</p> <p>More 5ks</p> <p>More races</p> <p>Continue to improve on what you have. Denton seems to offer a lot for the children and community.</p> <p>Na</p> <p>Hope we can do the Reindeer Romp again this year!</p> <p>trail runs. Biking events.</p> <p>A Sprint Trianthalon</p> <p>Miles marker signs</p> <p>More fun runs</p> <p>Not so much a program as a suggestion for the parade. While it was nice and the kids enjoyed it, we missed the marching bands, the animals, the military, and the floats. Let's make parades great again!</p>

Any areas we need to improve? Is there anything else you would like us to know?	Comment	The organization of the sign up precess was late. But the director helped. The onsite organization of the floats and cars and bike was not good. Would have liked a bit more direction and organization. It was fantastic!

The end of the parade needs to be rethought. The police at the end was rude and was basically yelling "the parade is over, get off the street." We had no clue where to go. To the left to the right, very confusing and unsafe as oncoming traffic was coming on Bell. I suggest the parade finish in the parking lots next to El Chaparral. there is plenty of space there for parade participants to safely move off the street and regroup with their teams.

The staff was very helpful, aware of those needing assistance, and friendly. none Need better publicity. The band was wonderful but very loud. It was hard to eat and enjoy being with friends.</p>

Yes, getting the word out in a bulletin or catalog to seniors in and Denton and Denton Co. The band was great. However, the games elsewhere (ping pong, scrabble, etc.) were not being used because guests were staying with the band music. Maybe start at 11:30 til 2:00. Games and food from 11:30 onward (lunch time) with the band beginning at 12:30 or 1:00.

no

It was very well organized

Food, music was great

Staff at senior center is amazing! So nice and helpful.

No. Great fun was had by all!

I'm happy that the food trucks were far away bc they are noisy and hot

Perhaps a bit more advertising about the available games to be played. That part didn't seem to be very organized, so that when the ping pong game was announced, no one wanted to leave while the band was playing, so no ping pong was actually played. :(

We need someone in charge of the senior center that understands the needs of our seniors. The present manager is a waste of our tax payers money.. Under the last manager, we felt welcomed with a friendly face and more suitable programs were available.

	Return of the Friday Night Dances! If we can have the attendance that showed for this event the dances would not present a problem.
	water aerobics
	Dancing classes, volleyball, painting, to be open a little later.
	just keep up the good work
	Resume more activities
	I cant think of any
	More band concerts!
	Same type as this, general games, lunch. Also would love to see the day bus trips come back when Covid protocol allows.
	More music!
	Writing classes
	A magic show?
	I think you folks are doing a great job - just need to get more advertising out where we 'old people' can find out about it. Not everyone in my generation is computer-literate or doesn't have internet access.
	The band was wonderful!!! They even offered us an opportunity to dance. A solute to the various branches of service would have been nice. A couple of years ago Jane sang for us. That was very nice. Jane is always around, very friendly and welcoming.. We love her!!!

I I couldn't walk Clear Creek because it was raining sso much, but you can't control the weather. More programs like these! Look forward to attending in person again! It was a little difficult posting and trying to tag the event? Wasn't sure if i did it right and couldn't see or find other Honey Run posts. This could be me but i thought it was not easy Your event organizers are awesome! It was not marked well. I was not able to complete my 5k because I brought a double stroller and it didn't fit on the trails.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Move class inside The main area of improvement at this time would be to get GRIT back inside with the group exercise classes. With the availability of multiple vaccines it time for adults to take responsibility for their own health. I appreciate and enjoy the outside workouts, however the concrete has been bad on my feet, I have concerns about spring storm canceling class and more importantly the upcoming allergy season for those of use who suffer from allergies.

What future programs would you like to see offered?	Comment	Cont. from last question. I view GRIT as a premium program, but lately with more program coming back inside, it seems like GRITsters are being overlooked and taken for granted due to our commitment to the program.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	It would help to ensure that there is adequate equipment available per kid or group. My son noted that each group had to wait to use one video camera. He was not bothered by it at all but as a parent it seemed to me that the time may have been utilized better if there wasn't that wait.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	The program is pricy, which is why we haven't been able to participate in the past. Now that we can, we're happy to join. If there aren't already, I'd love to see a few scholarships offered to kids who love but can't afford golf. I just had to call to find out what my son needed to bring so if the city could send out a list that would be so helpful! Anyone who can keep my daughter's attention for 3 hours is a miracle worker. Joel is a great teacher. Great instructor, he made it so fun that my son would wake up super early to be the first one there!

Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>I wish the instructors would spend less time talking to their friends and more time helping the kids improve on their strokes.</p> <p>I have been very impressed with all that the staff was able to do this summer given the transition from the pandemic. It would be very helpful next summer to have evening practices for those that are not able to attend morning practice.</p> <p>Hanna/Elizabeth were awesome. Roanoke was cancelled prematurely, many swimmers were done there early morning to have a premature decision made to cancel. It was a simple as checking the weather and seeing it was a small band that would pass in minutes. All the other teams warn and we did not. Swimmers worked hard and had it taken away from them because of poor planning. Need more coaches to be in the pool working on strokes and proper technique. 2 coaches cannot do it by themselves</p> <p>Receiving all the dates of meets, plus regional and state locations and dates, ahead of time is appreciated. Regionals were changed to Friday for us at the last minute and I don't think we got clear, timely communication. I found out the morning of. Also, know where and when state is ahead of time would be helpful.</p> <p>There were a few problems to start the years but the coaches caught on fast.</p> <p>The coaches were great</p> <p>Communication via email. Staff needs to respond quicker or more timely to emails. It took 3 or 4 days for a Coach to respond to one of my emails. Other than that the Coaches and Denton Dolphins was great!</p> <p>The only difficulty with registration was a misunderstanding of the try-out process. The information emails were a bit confusing at the time. That improved during the season. My only complaint about practice was having the swimmers do dryland barefoot or in flip-flops in the parking lot. Once the swimmers knew, they came prepared. They just weren't informed via email ahead of time. Any information given to swimmers on deck needs to be emailed to the parents.</p> <p>This was so disorganized. From us not hearing until the day of where the end of season party was and the fact that our daughter got two wrist bands (if we had known earlier we would've invited a friend or something!) to wires crossing with the weather AND the coaches pointing fingers at each other. Not very well run.</p> <p>Communication could use some work. Let there be a parent liaison and it could improve the program.</p> <p>Communication well in advance would be more helpful in planning for events My kids really enjoyed the fun Friday activities to give a little brake from drills before the swim meet</p> <p>Less expensive, evening practices</p> <p>Afternoon/evening sessions</p>
What future programs would you like to see offered?	Comment	<p>Summer afternoon/evening practice</p> <p>Delayed times put in the system, we would be at the next meet and no times were posted from prior meet. This effects heats and relays that kids could of been on. We have yet to receive or shirt for the swim team</p> <p>Diving classes, year round swim team</p> <p>Swim team all year</p> <p>Year round swim team!</p>

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Day three they didn't even show up, Day four they showed up really late. This was such a disappointment. There was such a lack of professionalism, communication and courtesy. All parents involved lost so much time waiting around. I would never sign up for another program offered through Skyhawks again knowing that their staff are unreliable and we certainly did not get our money's worth. The Denton website said the program was Monday thru Friday, but it was only supposed to be Monday thru Thursday. There was one day the coach didn't show up and it was difficult to get a hold of anyone with skyhawks, the only numbers I had were for Denton Parks and Recreation. I had to google skyhawks to get their number, this information should be provided at registration. The skyhawks staff were great and gave us a make-up day on Friday.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	The first class, I arrived for the 4:45 class and was told the class had been changed to 5:30. I was not contacted about this change. I was told the class would be at 5:30 instead of 4:45 going forward. This time didn't work for me. I asked for a partial refund or to credit my account for a different class and was told no.
What future programs would you like to see offered?	Comment	The one class we did attend, there were no other kids. The teacher was trying to get my not yet 2 year old to do ballet positions. She didn't seem to know what to do with a toddler or what was age appropriate.

Instructors always greeted Hattie by name and told our family it was good to see us, making us feel special! The individualized coaching Hattie received was unexpected and astounding! She really enjoyed the instructors and the lessons. The price for the lessons is very reasonable. We feel like we found a true gem in these classes and plan to continue.

Need to know where to go and exactly what to bring on the first day (water,towel,snacks). It didn't state if who would furnish. Very good program. Great job by all the young coaches! They seemed to really try to make it a fun time for the kids.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>Luis is amazing and has given my daughter some great tools to use in her tennis game. Her overall confidence is growing. Luis is taking the time to grow a true mentor relationship with my daughter. Very thankful for this program. The list of programs and registering has been confusing at times. It took me many times of registering and paying to remember how to navigate the process.</p> <p>would be nice to have bathroom access need bathrooms</p> <p>Luis is an excellent & engaging instructor making tennis fun for all ages & levels. open the pro shop</p> <p>We love Luis. Hoping to do more private lessons. I mentioned this on another survey, I think the price of the group lessons is high. We've been paying \$18 for 6 person group lessons for years. So it's more than a 1/3 higher in cost.</p> <p>Need bathroom access Website is too complicated and busy. Luis is awesome. Luis is an excellent tennis coach! The kids can't wait to go back each week! bathroom needs to be open</p> <p>This was a great lesson. Luis is a great coach. He is highly organized and professional. More communication on child's progress and next steps. Make registration and payment easier I've improved so much due to my private tennis lessons with coach Luis!</p>

Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>Paying online is a pain since we have to have someone load our cart for us. What a crazy way to pay online. It would be easier on our end (and yours) to add "items" to our own cart, rather than have to rely on Adam to add them for us. Rec1 could be easier to pay online</p> <p>Wish it were easier to pay remotely! Brandon is great! Open onsite office back up. I would like to see the office opened back up; no place to go to the restroom. Re open the office. Would be helpful to have the Tennis Drills easier to pay for online. Re-open and staff the onsite office Re-open and staff the onsite office. It is very difficult to get a lesson during the day. The only thing I would like to see is either a separate spot for a hitting wall or additional hitting walls added. I use the wall but there is always lessons or someone using the court.</p>

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Overall, everything is great. I do think the price for the group lessons is high . We've been paying \$18 for a 6 person group for years. Goldfield is \$30. This definitely impacts things. The price for private lessons is what I anticipated. The PARD website interface is a little outdated and tricky to use, but not a big deal. Marshal is an exceptional private instructor. He finds just the right way to relate to our son. His game has improved and we are so thankful that he had made such an impact on our son's game. Registration is a bit complicated and unclear. Marshal is a professional and engaging instructor. I am definitely improving my game during my weekly lesson. Per previous email sent - open the tennis center so the tennis ball machine can be rented. Marshal needs no improvement. He's amazing! Coach Marshall is a great teacher! And the whole team there is so supportive and friendly. First-rate operation! Marshal needs no improvement. He's amazing. He has been the best instructor. My 115 year old granddaughter really responds well to him. None. Marshall is a great tennis instructor.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	At times I felt there were unrealistic expectations placed upon the toddlers. The teacher would benefit from reading the room a bit better. If you have half the class up and screaming or trying to run, slowing down the music and playing a lullaby is not going to be beneficial. Also, there was so much lag time between each song. They are toddlers, they have 30 second attention spans. Please work to keep the music and engagement going and not have so many talk breaks in between.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Maybe add more than one ceramic class so many seem interested No time for set up. A small group, un be known to us, allowed to use the room for free. A lady in the group yelled and then she got a staff member Linda, who came and yelled at us. Public humiliation. I pay \$40 a month and they get the room free? Now that group go past their time packing up. We lose 30 minutes more. We buy our own clay and tools and pay monthly fees and we're treated like we're in the way. Wood workers were offended and rude to us for asking to borrow their shop vac.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Would love to have Patti teach us on Tuesdays and Thursdays and have Friday as a free day in Ceramics and Pottery. I love our class and appreciate Patti so much. Please consider this. Either your system is flawed or your help is untrained and inept. Get someone who can type. Your record-keeping is a mess. Don't treat us like children. Need a system where you can sign up and pay before each month, like one week before, pay for the following month's class. paying in advance for up to 6 months just to keep our spot is expensive for seniors on a budget!
What future programs would you like to see offered?	Comment	More art classes, all kinds. Would love to see another class like Barbara's but I know the class would have to be smaller because of Covid 19. fly fishing; machine sewing; defensive driving; cooking for singles/couples; computer safety

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Please come up with a better computer program that doesn't take the employee half a class time to enter, or if you need someone who can type, I'm available. Also limit future class signup to 3 months at a time. Some of us can't afford to pay 6 months in advance or lose our spot in the class. We really need a slab roller. The one we have made by a lady at the DSC is not longer working correctly. Please consider getting on for the ceramics class.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	You should offer this program all summer and maybe up it to 4 hours instead of 3. My son really enjoyed it and his instructor was awesome I think his name was Kieth. I just wish the kids would've had more time. Mia and Keith were so amazing. They were patient and kind. I was comfortable leaving my daughter in their care.
What future programs would you like to see offered?	Comment	kids day off, entire summer instead of 1 week I'd participate in any of them. It was great. I am so thrilled that finally the city is acknowledging younger children with special needs that are often left out of so much. This is wonderful!! Mia and Keith are phenomenal. I am as nervous to leave her at first but she loved it. They are both so caring and patient. Already looking forward to next summer. There needs to be more programs for those with special needs under the age of 18. This is an awesome start!! We loved it!

The activities available are somewhat for kindergarten aged kids rather than grade school. The kids have not got to play legos although advertised every week. They have only played PS4 once with one game for a few minutes.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	The outdoor water activities are too much. My child got badly sunburned on the third day. couldn't participate for next two days. Maybe less water activities or not in the hottest and worst part of the day to get sunburned. I couldn't see any type of detailed schedule when I registered so I took a chance. Then finally a schedule was emailed the day before starting. Now I honestly don't know how we're going to make it through the rest of the summer being outside in the sun that much. Please make sure the kids reapply sunscreen throughout the day. Once is not enough. Communication with parent's regarding payments.
What future programming (field trips, activities, etc...) would you like to see offered?	Comment	Switching the times for outdoor to morning and indoor in afternoon. Limit outdoor water time to 2-3 days a week.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	We have really enjoyed attending camp. My only concern is the amount of citizens in and out during the day. However, I have felt that the staff has kept my child safe. We were very sad to learn two of the Preschool counselors left 2 weeks before camp was even over. I do feel as though Mr. Broderick has handled the transition well and has made the best of the situation for the kids. We appreciate everything he has done for our kiddo and plan to attend camp again next summer!

Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>I only wish screen use (iPads, iPhones) by campers was not permitted, even if only at the end of the day. I want to reduce screen time for my child, and it's difficult when she sees other kids being allowed on their screens. Pulse, allowing screens invites inequity - not every child has access to technology, and allowing screens reinforces the divide between the haves and have nots.</p> <p>The communication with parents about departures and arrivals on the Remind app is awesome, please keep it up if able!</p> <p>I reached through text and never got a response. Also, on day one I showed my ID and the young lady said she remembered me. The next day, the same lady asked for my ID</p>

because a parent was there, I felt like I was being singled out. She keeps forgetting/loosing things. Maybe just reminders to find their things at the end of the day.

What future programming (field trips, activities, etc...) would you like to see offered?	Comment	Some more art activities, like taking the kids to a "paint your own pottery" place. Trips to see animals (fort worth zoo, sharkarosa ranch, etc) My boys love legos, if there could be some lego activities they would love that. They could also bring several boxes from home They love all activities, even asked us to pick them up later so they could keep playing. N/A

The staff were extremely involved in helping the kids have fun and connect with others, and my child loved the activities. My only suggestion would be to have more staff as I know they struggled a bit when they were missing a person for a day or two.

What future programming (field trips, activities, etc...) would you like to see offered?	Comment	They had so many awesome field trips this summer, the only place I could think of that we didn't go was the new water park in Little Elm. It's a smaller version of Waterworks but could be great for the camp since it's indoor/outdoor.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Need better counsellors. Someone stole my kid's money at the camp and iwas told they will talk to counsellors. No solution was given and no further checks were done. Hygiene seemed to be an issue. My kid contracted stomach bug every 3rd day from the pool or something I do undersand that summer calls for water fun but it needs to be done in smaller time frame not for 4 hours straight in sun. This led to my son being sick very frequently. More clear instructions for new students who jump in mid-summer

Any areas we need to improve? Is there anything else you would like us to know?	Comment	My son said he is having a hard time connecting with some of the teachers. Trying to communicate with the main office can be difficult. I get the answering machine more than a person and never received a call back from one of my calls. The boys didn't like that they sat around the first day for 3 hours before going somewhere. And also, I prefer my kid not wear sunscreen and he got the sense that he had to. That's not the camps call to make.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	N/A Taking the kids to the swimming pool is great but unfortunately the sun is very hot and at it's strongest by the time the kids are taken they go 3 times a week. Maybe 2 times a week is enough since too much sun can cause skin cancer and that's my only concern. Everything else is great!!! No

Any areas we need to improve? Is there anything else you would like us to know? Comment I know that this is a long shot and a complicated request. Your counselors seem to be exceptional - it would be ideal if they could connect on an individual level. My camper would have benefitted from having a mentor - someone to just say hey how's it going I'm here to help you have a great week. Use deposits as a deduction towards the weeks that will be used or have them be refunded for special and reliable backup information. If we called ahead of time towards weeks that will be canceled. (I also suggest having kids having their temps checked at check in and instead of letting adults come drop off inside, having a drive by drop in and drop off so less people go inside possibly exposing. Happy so far

Any areas we need to improve? Is there anything else you would like us to know?	Comment	The field trips. It seems like every time I kids go to different camps, their game car doesn't work, or it only allows them to play one game. I feel like I'm always having to give them extra money because there's always an issue... even when they bring it up to the camp leader. Even though it's not their fault, it still should be addressed since it's happened in recent years as well.

Comment	This was promoted as an outdoor camp, but my child never left the small metal building except to go on field trips. Crafts came home still sealed in packages. My child was injured and bullied by other campers with no intervention. The lead camp counselor was cold and not at all engaging. I am very disappointed and will not participate in this camp again.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>Practice time for young children is way too late at night. We got a 7:30-8:30 p.m. practice time and we had to skip all practices because that is too late to put our son to bed. It was very disappointing for us. Please change the latest practice start time to 8 p.m. We may have to switch to a different league if we keep getting late practice times.</p> <p>The only complaint I have is for our coach. I know that she is a volunteer, but it felt to my family that she was not invested. She missed the first two games due to illness but was late or missed all the others due to poor planning. Thank goodness to all the great parents who stepped up and gave us a great season. The referee for our games on 10/09/21 was the best! He has an awesome personality, really cares about our kids and teaching them the rules and sportsmanship of the game. I wish he had been at all our games! He made such an impact on my daughter, and was so encouraging to all the players. Overall, we had a great experience m, and will play again next season.</p> <p>We usually have no issues. This time while our coach (Sarah Romero) was very nice and sweet. She cancelled a few practices last minute. She was late to a match and completely missed the tournament. We didn't learn a lot of skills or drills this time. Practices were very simple and always cut short.</p>

Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>My son's coaches deprived him of playing time. They excluded him and ostracized him. They should not coach youth sports again in Denton.</p> <p>The referees didn't have a clue what was going on. They didn't make calls or correct players when needed. I have enough experience to know that good youth sports officials take the opportunity to teach little things to the players as they call the game- like how to do a throw in. Yes, the kids should have fun, but they should be learning. If the officials aren't making calls and/or correcting the players, then there is no learning and kids get hurt. I saw a kid trip another from behind, on purpose, in the goalie box- and things like this happened all the time. We will not ever play in this league again.</p>

Any areas we need to improve? Is there anything else you would like us to know?	Comment	<p>When a game needs to be cancelled due to weather, please contact them more than 5min before the game is supposed to start. I had a lot of team members who live further. Also, please include a direct number where we can contact if the team has to forfeit because not even the front desk knew where to forward me.</p> <p>It seems unfair that softball gets more than one ump while kickball gets 1. The ump we had for playoffs was asking our catcher the rules... while the ones working are so sweet and fun - they need to know the rules and there needs to be more than one of them. There were like 6 score keepers, that weren't even paying attention and we had to correct them. With some ump's not knowing the rules, the calls are inconsistent throughout the season and even during the game.</p>

We were a little frustrated that a different ump that we hadn't seen all season was used for the playoffs because her strike zone wasn't consistent with the other umps. But I guess we adapt and play. It was fun. Thank you! Maybe not let A league teams play in a D league..

Any areas we need to improve? Is there anything else you would like us to know?	Comment	Umpiring. The first week of the season, the umpire didn't know the HR rules. The same umpire who called the first week and the last 2 weeks of the season should not be allowed to return. He consistently missed calls, easy calls, changed his strike zone and blamed them on not having another umpire to assist him. No issues with any of the other umpires. I do like the shortened fences for the coed for fun league. I believe this is something that should be considered for fall/spring as well.

The officials really need to understand the rules as we had numerous inconsistencies this session. Overall they did a good job.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	The newer umpiring staff has been horrible. We realize that we are not playing professional ball; however, they don't seem to even have a basic understanding of how the game is played. We have played with the City of Denton for years and are unsure of if we will return. I think there needs to be a league between rec and for fun. Rec is really a competitive league. For fun is rec. Maybe just have 2 and call them what they are but have playoffs for both. Also need to settle on rules - we played courtesy runner 2 different ways depending on umpire - 1 per inning or 1 per gender per inning.

Any areas we need to improve? Is there anything else you would like us to know?	Comment	The rules of the 250 league need to be revamped to limit the number of homeruns or not be so lenient on the teams that are suppose to move up to tougher divisions, but never do, to make the games more competitive and most of all more enjoyable. Please, please come up with some kind of online replacement to allow players to digitally sign a team's roster. It is such an inconvenience to have to fill out the same exact information three times per season. Thanks

How did the Free Camp Scholarship program impact your family?	Comment	Summer Camp allowed my Granddaughter to have lots of fun this Summer, my Daughter to work without daycare worries and added expense she can't afford, and me to not be the daycare provider while also trying to work.
Is there any area where we can improve the Free Camp Scholarship?	Comment	Allow a little more flexibility with planned/announced absences. My Granddaughter was there every day, but could have used a break. However, she couldn't take a vacation or she'd risk losing her place at Camp and scholarship eligibility for 2 years. That's a bit excessive.

Do you have any additional feedback?	Comment	An email before class started letting us know what the child should wear and what is and is not allowed in the pool area, ie food, recordings would have been helpful. Some places require tots to wear two swim diapers, some require swim diaper covers, I was unsure what the Denton Rec requirements were because I didn't see them anywhere online. I would had love to continue taking my son to lesson but to my knowledge in fall the are only offer on Saturday.

If no, how could we have better met your expectations?	Comment	Lilly was unable to complete due to illness. My child had three different instructors four weeks. The instructor he had during the first two weeks was no longer employed with Denton aquatics by the third week, and the fourth week there was someone new again. I think he would meet the exit survey requirements more easily if he had consistent instruction with someone he has gotten to know and trust.
Do you have any additional feedback?	Comment	We will be repeating level three during August. I hope there is a permanent staff member instructing the class during that time. Otherwise it's a good program and we plan to stay enrolled so that he can learn to lap swim.

If no, how could we have better met your expectations?	Comment	I was disappointed at the way the teachers would show the kids how to perform a specific stroke or kick and then never seem to coach the kids during the rest of the classes so the kids could improve. They only seemed interested in making the kids swim a full length of the pool.

Do you have any additional feedback?	Comment	Elliot's instructor, Kat (sp?) is absolutely amazing. Please let her know and recognize her work and skills teaching little kids. Other than that it's been hard to get a person to talk to for scheduling. We waited weeks before someone finally called us about scheduling lessons and when I emailed and left voicemail nobody called back.

If no, how could we have better met your expectations?	Comment	Marianna is amazing and so patient with my child. She also gets so excited when my child does really well during their lesson and she genuinely cares. The instructors' instruction should be consistent and more professional. We have 8-lessons in two weeks with two instructors.
Do you have any additional feedback?	Comment	Marianna is a great teacher. She is kind, patient and has exceeded our expectations! It honestly seems that Tyler is so busy that communication from him is almost non-existent. I have to email 3-4 times to get in touch with him. If I have to talk to him when I am there - he rarely remembers. I think there needs to be multiple people that does what Tyler does. It really seems like he needs some help. I appreciated that Megan was receptive to my questions, concerns, & requests. I do wish she hadn't been scheduled to teach back to back lessons w/o a 5 minute break because quite often my son wouldn't be in the pool swimming with her until 4-5 minutes into his lessons. With only 30 minutes, every minute counts to me.

Do you have any additional feedback?	Comment	Thank you! My kiddos (3 & 5) can now swim! We initially paid for private but then added a friend so it became semi private. We didn't receive a refund and the friend only had 7 lessons since we had one before they joined. I could understand paying more if we had an extra lesson but we did not.
