Wilson, William Tuesday 8:29 AM

Facilities is looking good this morning. At this point, it doesn't look like freezing temps will be an issue, but we are watching for roof leaks and other issues that may arise from heavy rains. If you hear of any water leaks let us know asap. Thanks, and have a great day!

Douangdara, Courtney Tuesday 1:36 PM

From Lt. Howell with HOT: HOT is offering rides and passing out emergency blankets as needed. One of the HOT officers is staying late and will continue into the evening.

Kremer, Daniel Tuesday 2:25 PM

Streets will have a crew come in at 5am 1/25/23 to scout and sand if needed before rush hour. If other issues arise this evening we have on call ready and also others on standby if needed.

Tuesday 3:49 PM

Parks grounds crew will be clocking in at 4:00 a.m. in tomorrow morning to check public buildings.

Wilson, William Tuesday 3:55 PM

Facilities responded to 3 minor roof leak incidents today. We are arranging for our contractor to come out tomorrow to make

Yesterday 6:21 AM

From one of our supervisors.

"Got here at 4 a.m., shoveled a few entrances off of melted snow, all buildings are good and safe. Roads are clear, I came from Sanger with no issues this morning."

Boerner, Brian Yesterday 6:26 AM

SWR has had teams out running routes since about 4:30. Roads are fine. No issues to report or delays anticipated

Wilks, Jeremy S Yesterday 6:29 AM

Streets had a crew come in at 5am. We currently have 2 sanders out and about. We have not sanded any locations and nothing to report at this time.

Puente, Antonio Yesterday 6:29 AM

No issues overnight for DME. ERCOT projects ample supply of generation to meet demand. Have a great day everyone!
