# **Park Inspection Form**

## Instructions

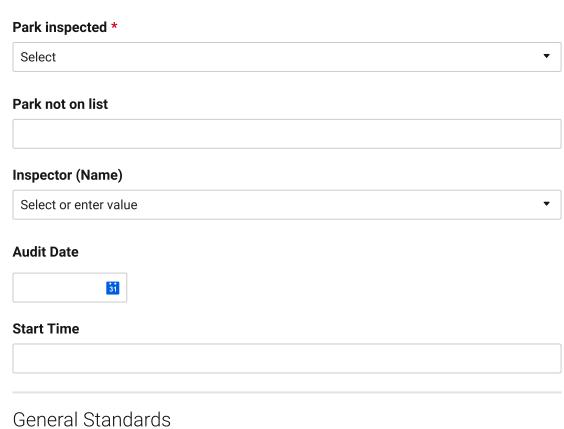

Before you begin, try to locate a map of the park online. Review the audit form to make sure each question and response is clear when you are making your answers. Then go to the park and fill out the form.

If possible, please take pictures of the park during the audit to provide a visual example of any of your findings.

The form uses a scale to grade certain aspects of the park.

- 1 = Does not meet standard/Needs immediate attention
- 2 = Acceptable but still may require an enhancement
- 3 = Meets highest standard

If you have specific comments, write them in the space provided at the end of each section.

## Visible trash on property?

- 1 Significant amount of trash is visible
- 2 Some trash is visible
